SUMMARY

Motivated student with a strong interest in cybersecurity, programming, and technology. Skilled in Python, JavaScript, Linux basics, frontend development, problem solving, and analytical thinking. Experienced in building AI-powered app projects and eager to grow through a cybersecurity internship where I can apply my technical skills, learn from professionals, and contribute to real-world security work.

EDUCATION

Sep 2022 — Jun 2024

Real School, BA in Cybernetics , Armenia, Yerevan

Aug 2024 — May 2026

United World Colleges, High School, Armenia, Dilijan

Sep 2026 — May 2030

Marist University, BA in Cybersecurity , USA, New York, Poughkeepsie

SKILLS

- Python
- JavaScript
- HTML
- CSS
- Java Basics
- Linux Distributions
- Git / GitHub
- VS Code, IntelliJ IDEA, PyCharm, Google Antigravity
- Basic Cybersecurity; Network Security Knowledge
- Digital Privacy Awareness
- AI-powered App Development
- Frontend Development
- Problem Solving
- Analytical Thinking
- Accountability

CERTIFICATIONS AND LICENSES

Network Ethical Hacking for Beginners Using Kali Linux — **Udemy**
Practical Network Scanning; Network Security — **Mindluster**
Python Developer; SQL Intermediate; Python Intermediate; Web Development; Java Intermediate; C++ Intermediate; C Intermediate; C# Intermediate; Angular; Coding for Data — **Sololearn**
Certified FPV Drone Pilot — **Garavan Project**

ACHIEVEMENTS

Winner, Artsakh STEM Expo 2023 Recognized for STEM project work in an interschool competition representing my school.

UWC Dilijan National Committee Scholarship Awardee Selected as one of the top applicants for a highly competitive national scholarship program.

MIT-Led Program Participant — Massachusetts Institute of Technology MISTI Selected for an MIT-led workshop on accessible mathematics with Python, applying programming to mathematical concepts and problem-solving.

Kukkiwon Black Belt, 1st Dan Earned international Taekwondo black belt certification through Kukkiwon.

Armenian National Taekwondo Champion, 2021 Recognized for achievement in competitive World Taekwondo.

DiliMUN 2025 Certificate of Participation Participated in Model United Nations, developing public speaking, diplomacy, and negotiation skills.

PROJECTS AND LEADERSHIP EXPERIENCE

Python & Software Developer — Sololearn / freeCodeCamp Completed 15+ programming courses across Python, Java, C/C++, JavaScript, and SQL. Built software projects, including an application used by 50+ students.

Co-Founder & Lead Developer — Bolik Student-Led Bubble Tea Project Co-founded a non-profit student-led shop and built a custom operations platform used by 50+ students at UWC Dilijan throughout 2025-2026 academic year. The project is being used by current leaders.

Certified Drone Pilot & UAV Systems Engineer — Garavan Project Built and piloted 5+ FPV drones, designed frames, 3D-printed parts, assembled hardware, and programmed flight controllers for testing and flight.

Student Group Leader — Erasmus+ / YAN Led an Artsakh student group during an international human-rights youth exchange, participating in discussions on youth rights, displacement, and community representation.

Communication Team Leader — Combili Led communications for a biowaste initiative, coordinated with 5 local restaurants and 2 schools, and provided Armenian-English translation support.

Program Participant — TUMO Center for Creative Technologies / AGBU Completed project-based technology training in programming and 3D modeling, building algorithmic projects and digital prototypes.

National Team Member & Coach — World Taekwondo / Kukkiwon Trained and competed internationally in World Taekwondo, developing discipline, resilience, leadership, and high-performance teamwork.

Founder, Head Coach & National Competitor — Karate CAS Program Founded and led a Karate CAS program, coached 10+ students.
